

### **BURGLARY AND INDECENT EXPOSURE**

UCI Police Department is investigating a burglary and indecent exposure that occurred in a UCI student housing community on Wednesday, June 8.

Shortly before 10 p.m., a UCI student reported that an unknown male had broken through a locked screen door while the resident was in the bedroom. The student reported hearing noises in the living room. The intruder entered the bedroom and exposed himself to the resident, who then chased the suspect out of the apartment. UCI Police Department officers arrived on scene and searched the area, but the man could not be located.

The suspect is described as an Asian male in his 20s with black hair, about 5 feet 5 inches tall, 150 pounds, clean-shaven, and wearing a royal blue long-sleeved shirt and dark long pants. The student was able to capture a photograph of the man as he fled the area.

Anyone with additional information or who may be able to identify the suspect in this photograph is encouraged to call Detective Sergeant Charles Chon or Officer Ray Keith at 949-824-5223.

### **Safety Tips:**

- In emergency situations or during crimes in progress, dial 9-1-1 or use an emergency phone available on campus.
- Ensure that all doors, screens, and windows are closed and locked. Do not prop open doors.

- Immediately report inoperable locks and latches to the appropriate maintenance personnel.
- If you encounter someone exposing themselves, leave as quickly as possible and dial 9-1-1. Confidential support, advocacy and resources are available through the [UCI CARE Office](#) (949) 824-7273.

Sincerely,

A handwritten signature in black ink, appearing to read "Jorge Cisneros", with a long horizontal flourish extending to the right.

**Jorge Cisneros, Chief**

UCI Crime Alerts are released by the UCI Police Department when certain crimes are reported on or near UCI property, in compliance with federal law. These Crime Alerts provide information about campus safety situations and allow campus community members to take precautions for personal safety.
